

Online Thermal Transfer Ribbon – Wax/Resin white

|| AG76 ||

Description:

AG76 online is wax-resin foil to print on near-edge head printers. It is designed for wide variety of dark/colored packaging materials, where you need to print in color. It offers outstanding printing quality at high speed with good scratch and smear resistance. It is suitable for printers with near-edge heads such as Markem, Smart Date 2.3, Jaguar, Videojet Data Flex, etc.

Color:

AG76 Online – white color

Recommended media:

coated paper
laminated paper
polyethylene films
polypropylene films
synthetic paper

Applications:

plastic identification labels
pharmaceutical labels
retail labels and tags
labels for single and multiple packaging
flexible packaging

Technical specifications:

Head type	Near Edge, specialized for Online systems
Film Thickness	4,5 $\mu\text{m} \pm 0,5 \mu\text{m}$
Total ribbon thickness	7,5 $\mu\text{m} \pm 0,5 \mu\text{m}$
Melting point	70°C
Printing speed	300mm/s
Storage	dry location
Extinguishing media	water, foam, dry, chemical, CO2

Typical compliance:

Reach-SVHC Free, RoHS, TSCA, Direct Food Contact, California 65, CONEG

Performance:

testing results on scale 1-5 (5 is the best):
4 – scratch resistant
4 – smudge resistant
2 – chemical resistant
